RE: Application for Subclass 417 - Working Holiday (Temporary) (Class TZ) visa

This is to advise that you have been granted an Electronic Working Holiday Visa, Subclass 417, on **/**/2007.

This letter contains important information about this visa.

VISA GRANT NUMBER

The visa grant number is *****. This is the unique number assigned to the visa. You should keep this visa grant number with you, as you may have to provide it to the Department of Immigration and Multicultural Affairs (DIMA) during the life of the visa.

VISA INFORMATION

This visa allows you to make your initial entry into Australia no later than 12 months from the date that the visa was granted. Your initial entry into Australia must not be after **/**/2008

If you are currently in Australia and hold a Working Holiday visa, this visa allows you to remain in Australia for a total of 24 months as a Working Holiday Maker from the date you entered Australia on your first Working Holiday visa. It provides for multiple travel to Australia, which means that you can leave and re-enter Australia as many times as you wish during this period. However, if you depart Australia during this period, you are not able to recover the period of time you have spent outside Australia.

If you are currently in Australia and do NOT hold a Working Holiday visa, this visa allows you to remain in Australia for 12 months from the date it is granted. It provides for multiple travel to Australia, which means that you can leave and re-enter Australia as many times as you wish during this period. However, if you depart Australia during this period, you are not able to recover the period of time you have spent

outside Australia.

If you applied for this visa from outside Australia, the visa permits you to stay in Australia for 12 months from the date that you first enter Australia. It provides for multiple travel to Australia which means that you can leave and re-enter Australia as many times as you wish during your 12 month stay. However, if you depart Australia during your 12 month stay, you are not able to recover the period of time you have spent outside Australia.

You will not have a visa label placed in your passport when travelling to Australia as your visa is recorded electronically in Australia's visa systems. It is recommended that you print and keep a copy of this advice for your personal records.

Please note, that this visa is linked to the passport number provided in your application. If you obtain a new passport after receiving this letter, DIMA systems will not recognise the new passport and you will be prevented from travelling to Australia. You will need to contact the eVisa Helpdesk for advice (2ndWHM.Helpdesk@immi.gov.au).

Please note: this Working Holiday Visa can only be used once. If you find your circumstances have changed after you are granted a Working Holiday Visa and you want to postpone your working holiday but you still need to travel to Australia for a brief visit, you MUST apply for a Tourist visa or another temporary visa. This will cease your Working Holiday visa and you will be able to apply for another Working Holiday Visa at a later stage, if you still meet all the eligibility criteria.

If you obtain an ETA (Electronic Travel Authority, subclass 976) after your Working Holiday Visa has been granted, your entry to Australia will activate your Working Holiday Visa and you will NOT be able to apply for another second Working Holiday visa.

VISA CONDITIONS

Please note that your Working Holiday Visa has been approved subject to a number of conditions:

EMPLOYER WORK LIMITATION - 8547

The holder must not be employed by any 1 employer for more than 6 months, without the prior permission in writing of the Secretary.

STUDY LIMITATION - 8548

While in Australia you must not engage, for more than 4 months, in any studies or training.

It is very important that you understand and abide by your visa conditions. If you fail to abide by these conditions, your visa may be cancelled and you will be required to leave Australia.

If you do not understand your visa conditions please contact the nearest Australian Government Office overseas for advice before you travel (www.immi.gov.au/contacts).

CHECKING YOUR VISA DETAILS

DIMA provides a service called Entitlement Verification Online (EVO) which allows certain third parties to check your visa information with your consent.

Through EVO, you can give your consent to registered third parties such as: employers and labour suppliers, and government agencies, to check whether visa holders are eligible for certain services, or have work and study rights;

EVO also allows visa holders who applied online to view their current visa details. If you provided a password for EVO in your online application, you will be able to access the service on the Department's website at www.immi.gov.au/e_visa/evo.htm

The disclosure of your visa information by DIMA is governed by the Privacy Act 1988. Therefore, DIMA will disclose information about your visa to a third party only with your consent. You can consent to an inquiry about your visa entitlements by giving the third party your name, date of birth, passport number and passport country of issue. If you do not wish a third party to find out about your visa entitlements, do not give them this information.

The information form 993i 'Safeguarding your personal information', available from DIMA offices, gives details of third parties to which you can consent to your personal information being disclosed, and how you can consent.
